SMOOT SAYS TARIFF MEASURE REDUCES

Washington, July 14 .- Turning upon critics who have charged that they are revising the tariff upward, members of the senate finance committee deny to-day that such is the case. A statement was prepared by the committee's experts and was given out tonight by Senator Smoot

upon statements made yesterday and today by Senator La Follette that the senate bill is 5.65 per cent above the Dingley law, based upon the importations for 1907, Senator Smoot said it all depended on methods of computing. Taking up the Dingley law from the year of its passage, Sen ator Smoot figured that the average

ad valorems were as follows: "In 1898 they were 48.40, and in 1899 they were 57.07. In that year the importations of luxuries were very large. In the succeeding nine years, from 1900 to 1908, inclusive, the average ad valorems were 49.24, 49.64, 49.78, 49.03, 48.78, 45.24, 44.16, 42.55 and

The low advalorem average of 42.55 in 1907 is explained by the panic and the falling off in importations of lux-

Senator Smoot, speaking on champagnes and other wines and spirits, declared that the average ad valorem would amount to only 43.44 per cent, which is lower than all except the two last years under the Dingley law. Mr. Smoot pointed out that by eliminated articles, recognized purely as luxuries, the advalorem average under the senate bill would be less than 40.01 per cent. This is less than any tariff bill in the last twenty years ex-

cept in 1896. The advalorem average of the bill on all articles of necessity was given as 15.49 per cent.

Senator Smoot complained that articles transferred from the dutiable list to the free list are not taken into consideration by senate critics in figuring ad valorem averages of the pending bill.

Saved at St. Winnifred Hospital

(San Francisco Bulletin.)

The physicians in Honolulu could do nothing for United States Deputy Marshal Winters and he gave them up in despair and came to San Francisco to see if there was any physician aere who could cure an extreme case of chronic Bright's disease. He had had the same to the same transfer of the had two uraemic convulsions, was almost bursting with dropsy, and, after fighting the disease for two years, was at the end of the way. The physician he consulted in this city told him that chronic nephritis is now a curable dis ease and that he probably would re-cover. He sent the patient to St. Win-nifred hospital, put him on the new treatment for chronic kidney disease, Fulton's Renal Compound, and pro-ceeded to aid it in ways that the skilled practitioner understands. In four months Winters went back to the

islands perfectly well. We sent for the treatment given the patient referred to in the St. Winnifred hospital with such remarkable results and have it in stock for patients here. Chronic kidney disease, including Bright's disease and diabetes, are

DULUTH MINING COMPANY ORGANIZED.

MINING NEWS

Duluth Mining company has been or ganized at Wallace, Ida., by Al Olin, Ed Hedin, Charles Andrews, J. J. Mur-phy, L. Greenwald, J. Baer and Robinson & Whiteside of Duluth. The prop erty which it is proposed to develop is located between the Great Western and the Flynn group and adjoining the Midway Summit. The property was located three years ago by Mr

MOONLIGHT COMPANY OF IDAHO LEVIES AN ASSESSMENT

Moonlight Mining company, operat ing on Gorge gulch, near Burke, Ida, voted to levy an assessment of 2 cents a share. It is purposed to drive a tunnel of 3,000 feet to tap the vein at a great depth in the sulphide zone, where the deposits of massive galena are found in all of the district's producing mines. Eugene R. Day was elected president; J. N. Murphy, vice president and manager; Edward Hedin, secretary and treasurer and J. W. Lynden and W. C. Robinson of Duluth, Minn, directors.

MEYERS SEES SOME BIG CHANGES IN ELY.

Salt Lake City, July 14—A. D. Meyers, a mining operator of Nevada, has just returned from a roundup of als various interests in the sagebrush country. He says that this is his first wish. visit to Elv in a year and that to say he was astonished at the wonder ful improvement in the mines of that district would be putting it mildly. Since the closing of the Cumberland-Ely properties the Nevada Consoli-dated is increasing its output to cover the deficit in tonnage mined. Togther the two mines have been forwarding about 5,200 tons of ore daily to the Steptoe smelter. The steam shovel pit of the Nevada Consolidated is the most lively spot in the entire district. The great deposits of ore have been opened up 2,000 feet in length and varying in width from 300 to 1,000 feet. This A sixty-ton car can be loaded by the shovel in seven minutes. The shovel to 120 feet below the surface. It va-ries in thickness from 100 to 260 feet. The average values in this immense body of sulphide are about 2.7 per cent copper and 40 cents in gold to the ton. The pit mining costs 11 cents a ton and an additional charge of 15 cents a ton is made for the removal of the overburden. The production at this time has been at the rate of 5,000,000 pounds of copper a month, and this work affords employment to 1,800 men at the Steptoe smelting plant.
At the pit the Keystone has shown

the existence of 32,000,000 tons of cop-per ore, and this is being added to at the rate of 2,000,000 tons a month. The Ruth shaft on this same estate, threequarters of a mile east of the pit, the workings have developed 9,000,000 tons of 3 per cent copper ore. This ore will be raised through the Star Pointer shaft.

Drills at the Giroux mine continue to show that it is one of the greatest steam shovel properties in the west During the past few weeks the drills have shown the presence of a body of 3.5 per cent copper in this ground, measuring 400 feet wide by 2,000 feet in length, with an average thickness of 150 feet, lying at a depth of less han seventy feet below the surface. Mr, Meyers says the principal ob ject of his trip to Ely was to arrange for resuming work on the Ely Calumet

Following impressive funeral serv es at which the Masonic ritual was conducted by George W. McIntosh, a pioneer conductor of the Union Pacific Railway company, member of the G. A. R. and the Order of Railway Conductors, was laid to rest in Mountain View cemetery yesterday afternoon. The funeral was largely attended and many floral tributes were laid on

the bier by the sorrowing friends of the popular railroad man. The servces were conducted at the Masonic Temple by Rev. J. E. Carver, pastor of the Presbyterian church. A quartet composed of Gus Sander, Mrs. Dr. G. W. Dalrymple, Mrs. Charles Stevens and Hagbert Anderson, rendered several selections, including "Rock of Ages" and "Nearer, My God, To Thee." Mrs. Dr. Dalrymple sang "One Sweetly Solemn Thought." The impressive ritualistic service of the Masonic or-der, of which Mr. McIntosh was a nember, was rendered at the temple services and at the grave. The pall-bearers, chosen from the Order of Railway Conductors, were I. N. Pierce, James Cassin, George Brown, Charles Pearson, M. Malone and David La

Mr. McIntosh was born at Trenton, Mass., September 24, 1839. He moved o Illinois in 1857, where he later enlisted in the Twentieth Illinois regiment, serving throughout the Civil war as a musician. In recognition of is services as a soldier the members of the G. A. R. draped the casket with the national flag. In 1862 he entered the employ of the Burlington rallway system as a conductor. Mr. McIntosh ame to Ogden in 1869.

CHAMBER OF COMMERCE IN FAVOR OF STATE CLUBS

The chamber of commerce at a meeting last night endorsed the plan to organize state clubs in Ogden composed of residents of the city who have come from other states to set tle here. The idea will be to have residents of the city who have set-tled here from other states to form clubs, by which they will be rendered able to get acquainted and a social fellowship promulgated. Already citi-zens residing in Ogden who came to the city from Iowa and Kansas have formed state clubs, which have proved beneficial to the members. The cham-ber of commerce suggests Pioneer day, uly 24, as a fitting time for the formation of these clubs. It has also been suggested that these different state clubs could assist in many ways in the proper entertainment of the veter ans of the G. A. R. who will attend the national encampment in Salt Lake next month.

The public utilities committee of the chamber of commerce was directed by a resolution to make an investigation of the recent schedule of water rates demanded by the city to ascertain whether water users have been bene fitted by transferring the waterways system from private to municipal own-ership. This investigation will cover period of six months since the system became the property of Ogden

A number of other matters of a rou-tine nature were transacted by the chamber before adjournment.

COLONIZATION SCHEME IN EAST MAY BENEFIT UTAH

Secretary of State Tingey has re ore is being loaded into cars by a ceived a letter from R. Ingalls of 23 ninety-five-ton steam shovel, which East Twenty-fourth street, New York loads 120 cars of from fifty to sixty | City, in which the writer asks for intons each in less than sixteen hours. | formation concerning Utah lands. He states that a number of men of wealth are planning a colonization scheme for lifts five tons at a sweep. The ore is the relief of congestion of population a blanket formation and lies from ten in eastern cities and that they have sufficient funds with which to carry out their plans.

They are looking for land open for settlement and intend to furnish peo-ple with traveling expenses and place them on land where they will be self sustaining. The letter was turned over to Governor Spry, who has directed that the necessary information be furnished Mr. Ingalls

WRICHT'S EMPLOYES ENJOY TRIP TO THE CANYON

The annual outing of the employes of Wright's big dry goods store, held at the Hermitage yesterday, was voted a big success by those who attended. The attaches and employes of that store occupied special cars of the Ogden Rapid Transit company with a

After a ride about the city they were taken to the Hermitage, where about 100 sat down to a chicken and trout dinner. A dance was held in the pavilion in the afternoon.

About 700, including invited guests, took part in the outing. The lady clerks of the store formed the reception committee.

MARTIAL LAW DECLARED IN SPANISH HONDURAS

New Orleans, July 14.-Martial law has been declared along the coast of Spanish Honduras, according to Dr Timeteo Miralda, former minister of Honduras to Nicaragua, who arrived here yesterday from central America. Dr. Miralda asserts that the failure of the government to pay its soldiers and officials sums demanded, and the attempt to take possession of certain property by the latter, precipitated the

Want to be strong?

Eat more Quaker Oats. Eat it for breakfast every day. This advice is coming from all sides as a result of recent experiments on foods to determine which are the best for strength and endurance. It has been proved that eaters of Quaker Oats and such cereals are far superior in strength and endurance to those who rely upon the usual diet of heavy, greasy foods.

When all is said and done on the cereal food question, the fact remains that for economy and for results in health and strength, Quaker Oats stands first of all. It is the most popular food in the world among the foods sold in

trouble. The prospective revolution, and surrounding states have been

WELL KNOWN PARK CITY WOMAN CALLED BY DEATH.

Park City, July 13 .- A very sad and unexpected death was that of Mrs. Owen Gribbin, a young wife and mother, who died yesterday. Early Monday morning a babe was born, and Mrs. Gribbin's condition at that time was more than satisfactory to the attending physicians. Toward noon however, her condition became alarm ing and before a physician could be summoned she had expired.

Mrs. Gribbin was twenty-five years of age and had lived in this city three years. She was well known and her

untimely death is greatly mourned by her many friends. The funeral will be held from the Catholic church Wednesday afternoon.

HUNDREDS AT THE BIG LAND OPENING

Missoula, Mont., July 14 .- It is estinated that about 1,000 homestead eekers have arrived in Missoula today to register for lands in the Flat head reservation and it is expected that before tomorrow night at least .000 persons from local and outside places will have registered their applications for homesteads.

In an effort to get ahead of the rowd that is expected to arrive from other portions of the country, home-seekers from various parts of Montana

ists are said to have been speedily pouring into the city in crowds since dispersed by the government forces. yesterday afternoon. Hotel accommodations are already at a premium. The dations are already at a premium and lodging houses are filling rapidly and before tomorrow night the visitors probably will have to be housed in

Fifty thousand persons are expected to register in this city during the reg-istration period, and to handle this crowd fifty-two especially appointed government notaries public have been provided.

At midnight the notaries for the Flathead reservation opening threw open their offices and the landscekers flocked in to record their applications for homesteads. Every office was jammed to the doors and at an early hour this morning people were still registering. It is estimated that nearly a thousand registrations will have

been recorded before daylight.

The city is being thoroughly policed and every protection possible is being afforded the visitors. Tonight a band of seven alleged pickpockets from the east were recognized, taken to the train and shipped out of town with instructions not to return.

BUSINESS HOUSES CLOSE

Crescent City, July 14.-The funeral here of J. B. Sayler, the banker who was slain by Dr. W. L. Miller, divided public interest today with known contents of the sealed package left by Mr. Sayler in the bank vault. WANT ADS BRING BIG RESULTS

Mother's Friend is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distress-

ing conditions are overcome, and the system is prepared for the coming event. "It is worth its weight in gold," say many who have used it.

\$1.00 per bottle. Book of value to he Bradfield Regulator Co., Atlanta, Ga.

The bank officials stated that the key to it has been turned over to the Sayler brothers, who are here for the funeral, Willis, Thomas, Perry and

"I think," said Willis Sayler today, that the package in the bank vault vill be found to contain nothing but business papers."

Bloodstained garments, belonging, it is said to Dr. Miller, Mrs. Sayler and John C. Grunden, Mrs. Sayler's father, were discovered at the Sayler home today. The blood is said by the prisoners to have come from Dr. Miller's wounded wrist.

Business houses closed at noon to allow every one to follow the body of Mr. Sayler to the cemetery. The local Modern Woodmen and Odd Fellows, without regalia, marched in the parade.

The Champion Long-Distance Car

I Want You to Know About the Waxwell Automobile

I am going to tell you in a straightforward, honest way, why I believe that the Maxwell will do your work better and at less cost than any other automobile.

I have studied the problems that confront you as an automobile user and the Maxwell is the result. For Strength-Simplicity-and Reliability, the Maxwell stands supreme for everyday use.

I want to impress upon you particularly that the Maxwell is not a fad or a racing machine, but a sound, trouble-proof automobile-just the car that you need for yourself and family.

The Maxwell costs little to keep, is simple to drive, runs smoothly and has great reserve power for hills and heavy roads. With this car, you can enjoy the beauty of your country-be independent of distance-visit your friends both near and far and have at all times a ready means of going to and from town.

There are today more than 14,600 satisfied Standard American Runabout at \$550, is just as reowners of Maxwell automobiles. Isn't this plain statement more convincing to you than anything I can say-for it proves Maxwell success.

Six years ago, we started at Tarrytown, N. Y., with but one factory. Today the Maxwell-Briscoe Motor Co. operates three factories-the one at Tarrytown, N. Y., a second at Pawtucket, R. I., and the third at New Castle, Ind., the largest automobile plant in the world, under one roof. In these three great factories, with over \$1,500,000 worth of equipment and floor space covering more than 65 acres, we will build this year over 12,000 Maxwells. I mention this because only with such tremendous manufacturing facilities, it is possible to produce a high-grade car and sell it to you at a moderate price.

\$500 to \$1750, but I recommend to you our 20 H.P. five-passenger touring car which, with complete equipment, costs \$1450 (see illustration) or if you want a two-passenger conveyance, our Model A at our main office at Tarrytown, N. Y.

liable, just as durable and of as fine appearance as our larger car.

There are so many reasons why the Maxwell is the best automobile for hard service, that I want to get in touch with you personally, for you will do yourself an injustice if you buy any car before you first find out all about the Maxwell.

Let me send you our new illustrated catalog, together with a book called "How to Judge an Automobile." This is practical and full of helpful hints and suggestions. No matter what automobile you have in mind, it will pay you to let me send it. Of course you are under no obligation to buy and the book costs you nothing.

Now, I have done my part and ask for your We make six models, ranging in price from co-operation. One of our six models is the car you need. Won't you write me personally and let me give you the value of my long experience in the automobile business. Drop me a line today
